INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF HASEEB WAQAS SUGAR MILLS LIMITED
REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS

Introduction

We have reviewed the accompanying condensed interim statement of financial position of HASEEB WAQAS SUGAR MILLS LIMITED ("the Company") as at March 31, 2026, and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cash flows, together with the notes forming part thereof for the six-month period then ended (herein after referred to as the "interim financial statements").

Management is responsible for the preparation and presentation of this condensed interim financial statement in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with international Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity." A review of Interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

During our review, we identified the following unresolved matters:

- a) **Plant and Machinery Impairment:** The Company's plant and machinery, with a carrying value of Rs. 4.738 billion (representing 83% of total assets), has been idle since operations ceased on September 30, 2018. Although the last revaluation was conducted in 2023, the Company has not performed an annual impairment test or calculated the "value in use" as required by IAS 36. In the absence of a current impairment assessment, we were unable to determine the extent of any further write-downs required to reflect the recoverable amount of these assets.

**CONTINUED**

b) **Unconfirmed Gratuity Payable:** The Gratuity Payable balance amounting to Rs. 40.680 million has not been confirmed by management, and no actuarial valuation report was provided to support this balance. As a result, we were unable to verify the accuracy and completeness of this liability through alternative procedures. Consequently, we are unable to determine whether any adjustments are necessary to this balance.

c) **Sales Tax Status & Liabilities:** The Company's sales tax status remains blacklisted by the Federal Board of Revenue (FBR) due to non-payment of outstanding sales tax liabilities amounting to Rs. 195.389 million. The blacklisted status indicates non-compliance with tax regulations, which may have material implications for the Company's financial position. Furthermore, we were unable to obtain sufficient appropriate evidence to verify the completeness and accuracy of these outstanding liabilities.

d) **Litigated Bank Balances and Borrowings:** Balances payable to various banks in respect of the current portion of long-term loans and lease liabilities amounting to Rs. 1,367.188 million, and mark-up on loans and other payables amounting to Rs. 1,183.696 million, remain unpaid and unconfirmed. All these balances are currently in litigation. We were unable to satisfy ourselves as to the correctness, terms and conditions, and cost of funds of these balances through alternative procedures.

e) **Unconfirmed Trade and Other Payables:** Trade and other payable balances of Rs. 633.153 million could not be confirmed due to the unavailability of addresses for certain parties. Due to the long-outstanding nature of these balances, we were unable to verify the amounts through alternative procedures, preventing us from determining if any adjustments are necessary.

f) **Non-Compliance with Companies Act (Unclaimed Dividends):** The Company has not complied with Section 244 of the Companies Act, 2017, regarding unclaimed dividends of Rs. 1.444 million. These long-outstanding amounts have not been deposited into the Federal Government Treasury, nor have required shareholder notifications been issued, leaving potential penalties unquantified.

g) **Long-Outstanding Receivables and Advances:** Advances, deposits, prepayments, and other receivables amounting to Rs. 98.709 million remain long outstanding. No direct confirmations were obtained, and no provision for doubtful balances has been recognized despite uncertainty over recoverability. Consequently, assets and profit for the period are overstated.

h) **Stores, Spares, and Loose Tools Verification:** Stores, spares, and loose tools amounting to Rs. 56.408 million were not supported by sufficient evidence, such as audited stock sheets, valuation reports, or aging analysis. We were unable to verify their physical existence, condition, or potential obsolescence.

Qualified Conclusion

Based on our review, except for the possible effects of the matters described in the *Basis for Qualified Conclusion* section of our report, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not give a true and fair view of the financial position of the Company as at March 31, 2026, and of its financial performance and its cash flows for the six-month period then ended in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Material Uncertainty Related to Going Concern

We draw attention to Note 5 in the interim financial statements, which indicates that the Company has accumulated losses amounting to Rs. 5,734.514 million (plus the current period's share of net loss), and its current liabilities heavily exceed its current assets. Furthermore, there has been no production activity in the Company since operations ceased on September 30, 2018. These conditions, along with other matters as outlined in the notes, indicate the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Other Matter

The figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the three-month individual periods ended March 31, 2026, and March 31, 2025, have not been reviewed, as we were required to review only the cumulative figures for the six-month period ended March 31, 2026.

The engagement partner on the review resulting in this independent auditor's report is Saeed Ul Hassan, FCA.

Our review petition (regarding shifting of mill to Alipur Jatoi) dismissed by Supreme Court and management considering alternate options available including but not limited to application to Ministry of Industries and Planning under Section 3 of the Punjab Industries (Control on Establishment and Inlargement) Ordinance, 1963.

The management foresees positive cash flow from future operations in expectation of better availability of sugar cane and sugar prices in coming season, since sugar dynamics are good and rising.

The projected financial statements prepared by the management to support its going concern assessment is based on following assumptions.
